

# SAGE Backfile Packages

Content ownership is becoming increasingly important in hard budgetary times. Investing in the **SAGE Deep Backfile Package** means owning access to over **430** SAGE journals backfiles that are interdisciplinary, including high-impact content published on behalf of hundreds of renowned, scholarly and professional societies. **Enable students, faculty, and researchers to follow the trail of citations back to volume 1, issue 1 across a span of research topics.**

## 5 good reasons to own the deep archive from SAGE:

### 1. Breadth

SAGE has collected over 430 journal backfiles, including 37,000+ issues, 490,000+ articles, and over 5.5 million pages of historical content covering subjects in business, humanities, social science, and science, technology and medicine.

### 2. Depth

SAGE's deep backfile coverage goes to volume 1, issue 1; through the last issue of 1998 (content from January 1999 to the present is included in a current subscription). You will own content spanning over a century of research. Our oldest article is from 1879 in *Perspectives in Public Health* (formerly *The Journal of the Royal Society for the Promotion of Health*).

### 3. Quality

We pride ourselves on high-quality content, meeting our markets need for interdisciplinary, peer-reviewed, journal backfiles to provide your library. Close to 50% of the journals in the entire **SAGE Deep Backfile Package** are ranked in the 2010 Thomson Reuters Journal Citation Reports®.

### 4. Award-winning SAGE Journals platform

Content is easy to find on *SAGE Journals (SJ)*, hosted on the prestigious HighWire Press platform. *SJ* was chosen as **Choice Magazine's Outstanding Academic Title** (January 2011). We are dedicated to continued enhancements and improvements to the features and functionality of the platform and provide usage statistics for archival content.

### 5. Pricing

We offer **flexible backfile purchase and lease options for over 430 journals** to accommodate library budgets of all sizes. This package option offers the most value for your money, including great savings off list price for individual journal backfile purchases.

## Need more incentives?

- **Save shelf space** and the cost of supporting a print collection of journals in your physical library.
- **Save time** by allowing faculty, students, and researchers to perform important research from their office, dorm-room or lab, with flexible searching, browsing, and alerting capabilities.
- **Take advantage of the toll-free inter-journal reference linking feature** between SAGE journals and other HighWire hosted journals with flexible searching, browsing, and alerting capabilities.

**NEW!**

## SAGE Shallow Backfile Package

Introducing our latest backfile package option, the **SAGE Shallow Backfile Package**. This content ownership opportunity will complete your collection of SAGE content, **offering articles published between 1999 to 2009 for over 540 journals**. The package will include many of benefits of the SAGE Deep Backfile Package, including access via the award-winning *SJ* platform and the highest quality content that is highly ranked in the 2010 Thomson Reuters Journal Citation Reports®. Complete your ownership of SAGE backfile content today!

| Language & Linguistics            |                                     |
| Management & Organization Studies |                                     |

*"I promise that SAGE will remain independent and will remain committed to its vision by giving back through both corporate and personal philanthropy. Our employees will continue to give of their time and talent in their own communities. We enjoy our work and take pride in what we do. We believe in education and its contribution to the building of social capital and beneficial social change."*

—Sara Miller-McCune  
Founder and Chairman of the Board,  
(2010)
