# SAGE Scientific, Technical, & Medical Packages

SAGE is an independent, international publisher committed to meeting the current and future needs of academic, professional, and medical communities. We publish more than 550 peer-reviewed journals, including over 180 in Science, Technology, and Medicine, which are now available in three separate packages to meet your needs:

- The **Science, Technology, and Medicine (STM) Package** provides our most comprehensive journals offering across all the STM fields in which we publish. It contains 180+ high-quality journals.
- The **Health Sciences Package** provides a more focused offering on health research, nursing, and clinical medicine. It contains 146 journals—a subset of our SAGE STM Package.
- The **Clinical Medicine Package** is a more refined package, with 89 journals. The package, also a subset of the SAGE STM Package, focuses solely on our must-have clinical content across a wide spectrum of medical specialties.

For over four decades, we have published quality material created in partnership with the best authors, researchers, editors, associations, and societies. We remain dedicated to publishing journals that are at the forefront of their respective fields.

SAGE journals are accessible online via the SAGE Journals Online platform, powered by HighWire Press, which offers flexible searching and browsing capabilities, customizable alerting services, and advanced toll-free inter-journal linking. SAGE Journals Online is the winner of the PSP Award for Excellence for Best Platform. To find out more about the journals we publish, visit <http://online.sagepub.com>.
