## **UMIC/FCCN researchers gain access to the *SAGE Full-Text Collections***

**Thousand Oaks, California, and London, United Kingdom, JUNE 16, 2004** – SAGE Publications, CSA, the Unidade de Missão Inovação e Conhecimento (UMIC, Portugal), and the Fundação para a Computação Científica Nacional (FCCN, Portugal) announced that they have reached an agreement for access to *Politics and International Relations: A SAGE Full-Text Collection* and *Sociology: A SAGE Full-Text Collection*.

The *SAGE Full-Text Collections* enable researchers and students to search and retrieve the full text of peer-reviewed, high impact journals published by SAGE Publications and participating societies ([www.sagefulltext.com](http://www.sagefulltext.com)).

*"We are very happy that Portuguese students, researchers, lecturers and academic staff at the 47 UMIC/FCCN research and academic institutions will be able to benefit from the Collections."* said Blaise Simqu, Executive Vice President at SAGE Publications, *"We have seen tremendous usage of our SAGE Full-Text Collections at subscribing sites and we are confident that our database will contribute to Portuguese research excellence"*.

### **About SAGE**

SAGE Publications is a leading international publisher of journals, books, and electronic media for academic, educational, and professional markets. Since 1965, SAGE has helped inform and educate a global community of scholars, practitioners, researchers, and students. SAGE Publications, a privately owned corporation, has principal offices in Thousand Oaks, California, and in London, United Kingdom.

SAGE Publications actively supports Book Aid International, the Journal Donation Project, and the World Health Organization HINARI initiative.

SAGE Publications is a member of CrossRef. For more information, visit [www.sagepublications.com](http://www.sagepublications.com).

### **About CSA**

CSA, a Cambridge Information Group company, is a leading publisher of bibliographic databases and print journals used by more than 4,000 research institutions worldwide. CSA annually publishes more than 500,000 abstracts culled from more than 9,400 journals. Its award-winning Internet Database Service provides Web access to more than 50 bibliographic databases covering major areas of research, including materials science, environmental sciences and pollution management, biological sciences, aquatic sciences and fisheries, biotechnology, engineering, computer science, sociology, information technology, art history, political science, and linguistics. For more information, visit [www.csa.com](http://www.csa.com).
