

CALL FOR PAPERS

AMERICAN JOURNAL OF **MEN'S HEALTH**

EDITOR

Demetrius J. Porche, DNS, APRN

Louisiana State University Health Sciences Center, New Orleans, LA

American Journal of Men's Health (AJMH) is a core resource for cutting-edge information regarding men's health and illness. The editor invites papers from all health, behavioral and social disciplines, including but not limited to medicine, nursing, allied health, public health, health psychology / behavioral medicine, and medical sociology and anthropology.

The journal publishes original articles, research briefs, editorials, health policy and legislative updates, legal and ethical perspectives, practice guidelines, case reports, media reviews, and press releases regarding upcoming symposia, conferences, and other related events.

AJMH is an essential resource for frontline care providers and patient educators, policy development specialists, researchers, and scholars.

2008 EDITORIAL CALENDAR
