SPECIAL MARKETING OPPORTUNITIES

ARTICLE REPRINTS

Reprints of articles pertinent to your company's mission act as excellent marketing support materials. They add credibility to the story you are telling your customers and give detailed information in an objective format.

As a promotional piece, reprints represent a versatile sales tool for the distribution of up-to-date information to your target audience - via the sales force, direct mail campaigns and as handouts at major conferences and exhibitions.

We can offer:

Printed Reprints: usually printed in their original format in black & white and/or colour, but can be laminated or have a special cover.

Electronic Reprints: are electronic copies of an article, in PDF form, for posting on a website or dissemination by e-mail.

Translation Reprints: a translated version of an article in another language.

Reprints Plus: a flexible package that lets you coordinate your advertising and reprint activities to add impact to your marketing campaign. We can also print reprints as a monograph. This is a selection of articles printed together as a booklet. They can be from different journals, with varying publication dates.
