

Transcultural Nursing Society

35th Annual Conference

Seattle, WA

October 14, 2009—Evening Welcome Reception

October 15-17, 2009—Conference

Abstract Submission Deadline: April 1, 2009

Theme: Resurgence and Resettlement: The Roles of Transcultural Nursing

Objectives:

1. Analyze the intersection of organizations and shifting population trends related to resettlement.

(e.g. JCAHO standards, educational accreditation standards, insurance, workplace diversity, response of immigrant workforce to patient populations, or workplace diversity and patient care issues)

2. Explore the impact of health and illness related to displacement, replacement, and acculturation.

(e.g. military, immigrant, refugee, disaster displacements, social identity change)

3. Examine the social, political and economic effects of cultural resurgence on health and illness.

(Cultural competence, social justice, clinician resources, social determinants of health, environmental health)

4. Apply transcultural research to workforce diversity issues of clinicians and organizations.

Online abstract submission system available at:

www.tcns.org

Who will attend: Health Administrators, Nurses, Physicians, Residents, Student Nurses, Social Workers, Researchers, Educators, and other Healthcare Professionals who deal with changing needs of diverse populations.
