

Submit your ASAPS-accepted abstract to ASJ

If you presented a paper at the ASAPS Annual Meeting in Washington, DC, we encourage you to develop a full manuscript based on your research and submit it to ASJ for peer review.

As part of the acceptance of your abstract, all papers based on accepted abstracts must be submitted first to ASJ – the official Journal of ASAPS. We would welcome your contribution to the Journal! Please contact our Editorial Office at journal@surgery.org for more information or submit your article at <http://mc.manuscriptcentral.com/asjournal>.
