The bottom half of the page features a decorative graphic consisting of several overlapping, wavy, horizontal bands in various shades of blue, ranging from a deep navy to a light sky blue. These bands create a sense of movement and depth, extending across the entire width of the page.

Through our comprehensive marketing strategy, we continually and successfully maintain highly specialized, international readerships that include physicians, nurses, scientists, scholars, researchers, policy makers, practitioners, professionals and students.

You can be confident that an advert for your products and services, placed in a SAGE journal, will reach a receptive target audience, thereby finding you new customers, new sources of revenue and new markets.
