2010 *Family Business Review* Best Paper Awards

Awards committee – Jill Thomas and Karen Vinton (non-voting Chairs)  
Mike Hitt, Leif Melin, Shaker Zahra

**Winner**

This article is well crafted, focusing on Entrepreneurial Orientation as an increasingly important perspective in the analyses of entrepreneurial capacity in family firms, and with some very relevant and interesting results.

**Two Honorable Mentions:**

This article is a review article, which opens a new research perspective/agenda within the family business research field based on the discussion of many relevant aspects of the work-family fit in relation to family businesses.

This paper extends our knowledge of the considerable family influence in Asian countries through its exploration of the effects of family ownership and corporate governance on corporate investment decisions using a sample of Taiwanese firms.

Congratulations to the winners!

Awards will be presented at the [FFI Annual Conference](https://www.familyfirminstitute.org) in Chicago 13-16 November.
