Drawing upon international research, Review of Research in Education, Volume 35 examines the interplay between youth cultures and educational practices. Although the articles describe youth practices across a range of settings, a central theme is how gender, class, race, and national identity mediate both adult perceptions of youth and youths’ experiences of schooling.

**Table of Contents**

1. **Introduction: Youth Cultures and Education**
   Stanton Wortham

2. **Asian American Youth Language Use: Perspectives Across Schools and Communities**
   Shalini Shankar
