Detailed Contents

Preface xxv
Key Features of the Text xxix
Acknowledgments xxxi

PART I. Foundations of Special Education

1. Special Education in Context: People, Concepts, and Perspectives 3
   Definitions and Terminology 4
   Exceptional Children 4
   Disability Versus Handicap 5
   Developmentally Delayed and At-Risk 6
   First Person: Elizabeth—Perceptions and Impressions 7
   Special Education 7
   Suggestions for the Classroom: Suggestions for Communicating About Individuals With Disabilities 8
   Categories and Labels 10
   Prevalence of Children and Young Adults With Disabilities 12
   Definitions and Difficulties 12
   Number of Children and Young Adults Served 13
   A Brief History of the Development of Special Education 16
   Pioneers of Special Education 16
   The Establishment of Institutions 17
   Special Education in the Public Schools 19
   Professionals Who Work With Individuals With Exceptionalities 20
   Insights: A Timeline of Key Dates in the History of Special Education in the United States 21
   Consultative Services 23
   Service Delivery Teams 23
   Cooperative Teaching 25
   One Teach, One Observe 26
   One Teach, One Support 26
   Station Teaching 26
   Parallel Teaching 26
   Alternative Teaching 27
   Team Teaching 28
   Universal Design for Learning 29
   Exceptionality Across the Life Span 31
   Infants/Toddlers and Preschoolers With Special Needs 31
   Adolescents and Young Adults With Disabilities 33
2. Policies, Practices, and Programs

Litigation and Legislation Affecting Special Education 43

Key Judicial Decisions 44

Individuals With Disabilities Education Act: 1975–1997 44

Educational Reform: Standards-Based Education 53

No Child Left Behind Act of 2001 54

Individuals With Disabilities Education Improvement Act of 2004 55

First Person: Lisa—Teaching in the Age of Accountability 56

Civil Rights Legislation 59

Section 504 of the Rehabilitation Act of 1973 59

Public Law 101–336 (Americans With Disabilities Act) 61

Public Law 110–325 (the Americans With Disabilities Act Amendments of 2008) 61

Identification and Assessment of Individual Differences 62

Referral and Assessment for Special Education 63

Prereferral 63

Referral 63

Assessment 65

Instructional Programming and Appropriate Placement 66

Insights: Assessment Accommodations 67

Designing Individualized Instructional Programs 68

Individualized Education Program 68

Insights: Elements of a Meaningful IEP 69

Suggestions for the Classroom: Suggested Individualized Education Program Meeting Agenda 71

Individualized Family Service Plan 72

Service Delivery Options: Where a Special Education Is Provided 73

Educational Placements 74

A Cascade of Service Delivery Options 74

A Contemporary Challenge 75

3. Cultural and Linguistic Diversity and Exceptionality

Cultural Diversity: The Changing Face of a Nation 85

Insights: Cultural and Linguistic Diversity Quiz 86

Cultural Diversity in the Teaching Profession 87

From Assimilation to Cultural Pluralism 87

Terminology of Cultural Differences 88

Describing Diversity 90

Multicultural Education, Bilingual Education, and Student Diversity 91

Multicultural Education: Concepts and Characteristics 91

Bilingual Education: Concepts and Characteristics 91

Insights: Instructional Options for Students Who Are Bilingual 94

First Person: Jenny—Teaching English Language Learners 95

Bilingual Special Education: Concepts and Characteristics 95

Disproportional Representation of Minority Students in Special Education Programs 97

Office for Civil Rights Survey Data 98

Factors Contributing to Over- and Underrepresentation 100

Consequences of Disproportional Representation 102
Issues in Assessing Students From Culturally and Linguistically Diverse Groups 102
Assessment Challenges 103

Suggestions for the Classroom: Recommendations for Assessing Culturally and Linguistically Diverse Pupils 104
Assessment Safeguards 104
Assessment Innovations 105
Contemporary Assessment Strategies 106
Assessment Recommendations 106

Educational Programming for Students With Exceptionalities Who Are Culturally and Linguistically Diverse 107

Suggestions for the Classroom: Guidelines for Selecting and Evaluating Instructional Materials 108

4. Parents, Families, and Exceptionality 113

Parent–Professional Relationships: Changing Roles 113
Antagonistic and Adversarial Relationships 114
Building Working Relationships 115
Parent Empowerment and Family-Centered Relationships 116

A Family Systems Approach 117
The Effects of a Child's Disability on Parents and the Family 121
Stages of Parental Reaction to Disability 121
Disability and the Family 123
Marital Relationships 123
Mothers of Children With Disabilities 124
Fathers of Children With Disabilities 124
Siblings of Children With Disabilities 124

First Person: Kristina—Daydreams 125

First Person: Mindy—The Other Children 127

Grandparents of Children With Disabilities 128
Working With Families Who Are Culturally and Linguistically Diverse 128

Suggestions for the Classroom: Recommendations for Providing Families With Culturally Sensitive Services 130

Cultural Reactions to Disability 130
Suggestions for Facilitating Family and Professional Partnerships 131

PART II. A Study of Individuals With Special Needs

5. Individuals With Intellectual Disabilities or Mental Retardation 139

Defining Intellectual Disabilities or Mental Retardation: An Evolving Process 142
1961 AAIDD Definition 142
1973 AAIDD Definition 143
1983 AAIDD Definition 144
1992 AAIDD Definition 144
2002 AAIDD Definition 145
2010 AAIDD Definition 146

Assessing Intellectual Ability and Adaptive Behavior 147
Intellectual Ability 147
Adaptive Behavior 149
Classification of Individuals With Intellectual Disabilities or Mental Retardation

An Etiological Perspective 151
Intellectual Deficits 151
An Educational Perspective 151
Levels of Support 152

A Brief History of the Field 153
Early Civilizations 153
The Middle Ages 154
Early Optimism 154
Protection and Pessimism 154
The Emergence of Public Education for Students With Intellectual Disabilities 155

Prevalence of Intellectual Disabilities or Mental Retardation 155
Etiology of Intellectual Disabilities or Mental Retardation 157
Prenatal Contributions 157
Perinatal Conditions 161
Postnatal Factors 162

Prevention of Intellectual Disabilities or Mental Retardation 163

Characteristics of Individuals With Intellectual Disabilities or Mental Retardation 164
Learning Characteristics 165
Social and Behavioral Characteristics 167

Educational Considerations 168
Where Are Students With Intellectual Disabilities or Mental Retardation Educated? 169
Educational Programming Options 169

Suggestions for the Classroom: Characteristics of Effective Teachers 173

Instructional Methodology 173

Effective Instructional Practices: Teaching Pupils With Intellectual Disabilities 175

Making Inclusion Work: Individuals With Intellectual Disabilities or Mental Retardation 176

Suggestions for the Classroom: Using Scaffolding in the Classroom 178

Services for Young Children With Intellectual Disabilities or Mental Retardation 179
Transition Into Adulthood 180
Adults With Intellectual Disabilities or Mental Retardation 182
Family Issues 184
Issues of Diversity 185

First Person: Meredith—In Her Own Words 185

Technology and Individuals With Intellectual Disabilities or Mental Retardation 186
Trends, Issues, and Controversies 186

6. Individuals With Learning Disabilities 193
Defining Learning Disabilities 195
National Advisory Committee on Handicapped Children 196
Neurological Dysfunction 244
Hereditary Factors 245
Environmental Factors 246
Characteristics of Individuals With Attention Deficit Hyperactivity Disorder 246

**First Person:** Helen—Good Things Come in Small Packages 247

Behavioral Inhibition and Executive Functioning 248
Social and Emotional Issues 249
Comorbidity 249

Assessment of Attention Deficit Hyperactivity Disorder 249
Medical Evaluation 250
Behavioral/Educational Evaluation 250

Educational Considerations 251
Where Are Students With Attention Deficit Hyperactivity Disorder Educated? 252

**Suggestions for the Classroom:** Accommodations to Help Students With Attention Deficit Hyperactivity Disorder 253

Functional Behavioral Assessment 255
Self-Regulation/Monitoring 255
Home–School Collaboration 255

**Effective Instructional Practices:** Managing Students With ADHD 256

Instructional Modification 257
Medication 259

**Insights:** Myths and Misunderstandings About Stimulant Medication: A Quiz for Teachers 261

**Making Inclusion Work:** Individuals With Attention Deficit Hyperactivity Disorder 262

Adolescents and Adults With Attention Deficit Hyperactivity Disorder 264
Educational/Vocational Outcomes 265
Marital Relations 265

Issues of Diversity 265

8. **Individuals With Emotional or Behavioral Disorders** 271

Defining Emotional or Behavioral Disorders 273

Four Dimensions of Behavior 274
Disturbed and Disturbing Behavior 274
Transient Nature of Problematic Behavior 274
Typical and Atypical Behavior 275

**First Person:** Anonymous—My Eagle Scout 275

Variability in Cultural and Social Standards of Behavior 277
Federal Definition 277
Contemporary Terminology and Definitions 278

Classification of Individuals With Emotional or Behavioral Disorders 279
Clinically Derived Classification Systems 279
Statistically Derived Classification Systems 280

A Brief History of the Field 281
The Mental Hygiene Movement 281
Early Research on Emotional or Behavioral Disorders 282
The Birth of a Specialized Field of Study 282
The Emergence of Conceptual Models 283
9. Individuals With Autism Spectrum Disorders 321

Defining Autism Spectrum Disorders: An Evolving Process 324
Classification of Individuals With Autism Spectrum Disorders 325

American Psychiatric Association and the Multiaxial System 326
Pervasive Developmental Disorders 326
Asperger Syndrome 326

Individuals With Disabilities Education Act 328
Other Considerations for Classification 328
Associated Conditions 328
Language Disorders 369

Central Auditory Processing Disorder (CAPD) 370

Historical Perspectives 372
Prevalence of Speech and Language Impairments 373
Etiology of Speech and Language Impairments 373
Prevention of Speech and Language Impairments 374
Characteristics of Individuals With Speech and Language Impairments 376
Assessing Speech and Language Impairments 376

First Person: Emily—A Journey Toward Success 378

Educational Considerations 381

Suggestions for the Classroom: Educational and Treatment Approaches for Central Auditory Processing Problems 382

Where Are Students With Speech and Language Impairments Served? 382

Making Inclusion Work: Individuals With Speech and Language Impairments 384

Services for Young Children With Speech and Language Impairments 384

Effective Instructional Practices: Teaching Language Skills 386

Adolescents and Adults With Speech and Language Impairments 387
Family Issues 387
Issues of Diversity 387
Technology and Individuals With Speech and Language Impairments 388

Trends, Issues, and Controversies 389

11. Individuals With Hearing Impairments 395

Definitions and Concepts in the Field of Hearing Impairment 397

The Anatomy of the Auditory System 397
Classifications of Hearing Loss 398
Degree of Hearing Loss 399
Measurement of Hearing Impairment 400
Other Types of Hearing Assessment 401
Age of Onset 403

A Brief History of the Field 404
Prevalence of Hearing Impairment 406
Etiology of Hearing Impairment 407
Genetic/Hereditary Factors 407
Infections 409
Developmental Abnormalities 409
Environmental/Traumatic Factors 409

Characteristics of Individuals With Hearing Impairments 410

Intelligence 410
Speech and Language 410
Social Development 410
Educational Achievement 412

Assessment of Individuals With Hearing Impairments 412

Cognitive Assessment 412
Communication Assessment 413
Personal/Social/Behavioral Assessment 413

Educational Considerations 413

Making Inclusion Work: Individuals With Hearing Impairments 416

Where Are Students With Hearing Impairments Served? 417
Suggestions for the Classroom: Suggestions for Teaching Students With Hearing Impairments 418

First Person: Mindy—Believing in Yourself 420

Instructional Interventions 421

Services for Young Children With Hearing Impairments 426

Effective Instructional Practices: Promoting Language Development in Young Children With Hearing Impairments 426

Transition and Individuals With Hearing Impairments 427

Services for Adults With Hearing Impairments 428

Family Issues 429
  Family Reaction 429
  Siblings and Grandparents 429

Issues of Diversity 430

Technology and Individuals With Hearing Impairments 431
  Hearing Aids and Auditory Training Devices 431
  Computers 432

Insights: How to Check a Hearing Aid 433
  Alerting Devices 434
  Real-Time Captioning/Interpreting Technology 434
  Captioning 435
  Telecommunication Devices 435
  Cochlear Implants 435

Trends, Issues, and Controversies 437

12. Individuals With Visual Impairments 445

Defining Visual Impairments 447

The Eye and How It Works 448

Classification of Visual Impairments 449

A Brief History of Visual Impairments 451

Prevalence of Visual Impairments 452

The Vision Process and Etiology of Visual Impairments 453

Prevention of Visual Impairments 454
  Early Detection 454
  Eye Safety 455

Characteristics of Individuals With Visual Impairments 455
  Academic Performance 455
  Social and Emotional Development 456
  Vocational Skills 457

Assessment of Students With Visual Impairments 458
  Functional Vision Evaluation 459
  Learning Media 460
  Educational Assessment and Program Planning 461
  Eligibility Determination 462

Educational Considerations 463
  Where Are Students With Visual Impairments Educated? 464
  Instructional Considerations 464

First Person: Carrie—The Face of “Different” 465

Effective Instructional Practices: Accommodations for Students With Visual Impairments 466

Making Inclusion Work: Individuals With Visual Impairments 467

Defining Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities 488
A Brief History of the Field 490
   Early History 490
   Emergence of Public Education 491
Prevalence of Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities 491
Etiology of Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities 491
   Chromosomal and Genetic Causes 492
   **First Person:** Virginia—One Day at a Time 493
   Teratogenic Causes 493
   Prematurity and Complications of Pregnancy 494
   Acquired Causes 494
Characteristics of Individuals With Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities 494
   Characteristics of Students With Orthopedic Impairments 495
   Characteristics of Students With Multiple Disabilities 500
   Characteristics of Students With Traumatic Brain Injury 501
   **Suggestions for the Classroom:** Strategies That May Be Used With Students With Traumatic Brain Injury 501
   Characteristics of Students With Other Health Impairments 501
   **Suggestions for the Classroom:** Steps for Teachers to Take When a Tonic–Clonic Seizure Occurs 505
   Characteristics of Students With Deaf–Blindness 506
Assessment of Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities 507
   Assessment of Students With Deaf–Blindness 507
Educational Considerations 508
   Where Are Students With Physical or Health Disabilities Educated? 508
   Impact on School Performance 510
   Meeting Educational Needs 514
   **Making Inclusion Work:** Individuals With Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities 516
   **Effective Instructional Practices:** Teaching Students With Physical or Health Disabilities 519
   Meeting the Educational Needs of Students Who Are Deaf–Blind 519
14. **Individuals Who Are Gifted and Talented** 537

**Insights:** FAQS (Frequently Asked Questions) About Children and Youth Who Are Gifted and Talented 539

- Defining Giftedness: Refining the Meaning 541
- Assessing Giftedness and Talent 544
- Differences Among Children Who Are Gifted and Talented 547

**A Brief History of the Field of Gifted and Talented Education** 548

- *The First Half of the Twentieth Century: Pioneering the Field* 548
- *The 1950s, 1960s, and 1970s: Establishing Foundations for the Field* 549
- *The 1980s and 1990s: The Field Matures and Provides Focus for School Reform* 550
- *The Twenty-First Century: Challenges and Promise Present* 552

- Prevalence of Giftedness and Talent 552
- Etiology of Giftedness and Talent 552
- Characteristics of Individuals Who Are Gifted and Talented 553

- Educational Considerations 554
  - *Differentiation* 555

- **Insights:** Myths and Truths About Gifted Students 556

- **Suggestions for the Classroom:** Differentiated Programming: What It Is and What It Isn’t 557

- **Instructional Strategies** 557

- **First Person:** Patrice—One Size Does Not Fit All 560

- **Service Delivery Options** 561

- **Making Inclusion Work:** Individuals Who Are Gifted and Talented 562

- **Effective Instructional Practices:** Differentiated Instruction 564

- **First Person:** Graham—Summer Programming 568

- Services for Young Children Who Are Gifted and Talented 569
- Adolescents and Adults Who Are Gifted and Talented 570

- **Family Issues** 571

- **Issues of Diversity** 572
  - *Students With Gifts and Talents and Disabilities* 572
